

Let's get to know our President, Tracy Sorzano

- Where did you grow up?** I grew up in Baltimore and graduated from Elizabethtown College. I have a law degree from University of MD School of Law, and a Master of Laws in Taxation from University of Baltimore School of Law.
- Tell us about your family?** I met my husband, Jose, in Ocean City MD during the summer of 1996. We lived in the same condo complex and met through mutual friends at the beach. We have two boys – JJ is 16 and Jacob is 9 - and two dogs, Simba and Casey.
- What is your current occupation?** I am a Market Leader in Southeast Florida for PNC Private Bank. I oversee a team who provides investment, trust, planning, and banking solutions.
- What's a fun fact about you not many people know?** I'm a rocker – 80's hard rock is my favorite genre, and I have travelled across the country to see my favorite bands on tour over the year. I have seen Bon Jovi in concert more than 20 times!
- When you're not working or spending time on Impact 100, what do you like to do?** It's challenging to find free time! I enjoy travelling, music (so excited to go to concerts again!) and spending time at the beach
- What one food can you not live without?** Pizza and Pinot Noir (if wine counts as a food!)
- Where's your favorite place in the world?** Las Vegas –my annual girlfriends' trip – great entertainment, great food, spa days and lots of laughter – a place to escape and recharge.
- What's the last book you read?** Petty: The Biography – I love to read rock n roll memoirs and biographies. It's fascinating to learn about the lives of some of my favorite musicians.
- What three words best describe you:** Organized, energetic, and compassionate
- Why did you join Impact 100?** When I relocated to the area, I wanted to connect in the community and meet new people. A client invited me to the Annual Kick-off Brunch. The Community Partner presentations were so inspiring I joined immediately and volunteered for a grants panel that season.
- What do you love most about being a member of Impact 100?** I love team philanthropy and the larger impact we make when membership dues are pooled. I also love the women I have gotten to know. Impact 100 women are talented, generous, energetic, and inspiring!
- Do you have any advice for new members?** Get involved! While grantmaking is our mission and the work of our grant panels is critical to fulfilling our mission, there are many ways to contribute to Impact 100, meet members, and share your talents, creativity, and ideas. We need members with a wide variety of skills and a passion for our community. Members can volunteer to be on a grant panel, help us recruit new members, organize events, or help with marketing, finance, or law. We have many opportunities for new members to make a difference in our community.
